

TAKE THE PLEDGE! VOTE **NO** ON CHARTER AMENDMENT 1!

We, the undersigned, pledge to safeguard basic protections for Gainesville citizens. If passed, Charter Amendment 1 would eliminate provisions that currently protect gay, lesbian, and transgender citizens from discrimination and prohibit the city from protecting other groups like veterans and pregnant women in the future. We think it's wrong to fire someone, deny them housing or access to public accommodations solely because of who they are.
